

Prepare an association grant application with Claude: evidence, project and budget

LearnIA - teaching template - 2026-10-14

Use fictional data for the first trial. Adapt this template to your context and verify the result before using it.

Brief to complete

Objective and intended decision :

Audience and context :

Documents, versions and sources :

Constraints and boundaries :

Expected output format :

Information to confirm :

Reviewer :

Starter instruction

From the supplied notice and documents, create a requirement, source, available evidence and unresolved-question table. Draft the project while separating established facts from proposals. Do not invent partners, achieved outcomes or confirmed funding. Check budget totals and flag eligibility questions for the funder.

Quality review

☐ Requirements reference the current notice.

☐ Requested and confirmed funding are separate.

☐ Budget totals were independently recalculated.

☐ An authorized person approved the application.
